Step 1

Mix 1 part flour with 2 parts water to create a thick paste. Stir well to remove any lumps. Tear or cut the paper into 2cm strips then dip into the paste.

Step 2

Wrap strips around the kebab sticks to create the marshmallows, then roll strips of paper into cylinders and bend slightly to make the bananas. Leave to dry overnight, then start painting!

Step 3

Assemble your pretend play BBQ treats ready to use alongside all your play food toys for hours of fun this summer!
