

Gathering Seeds

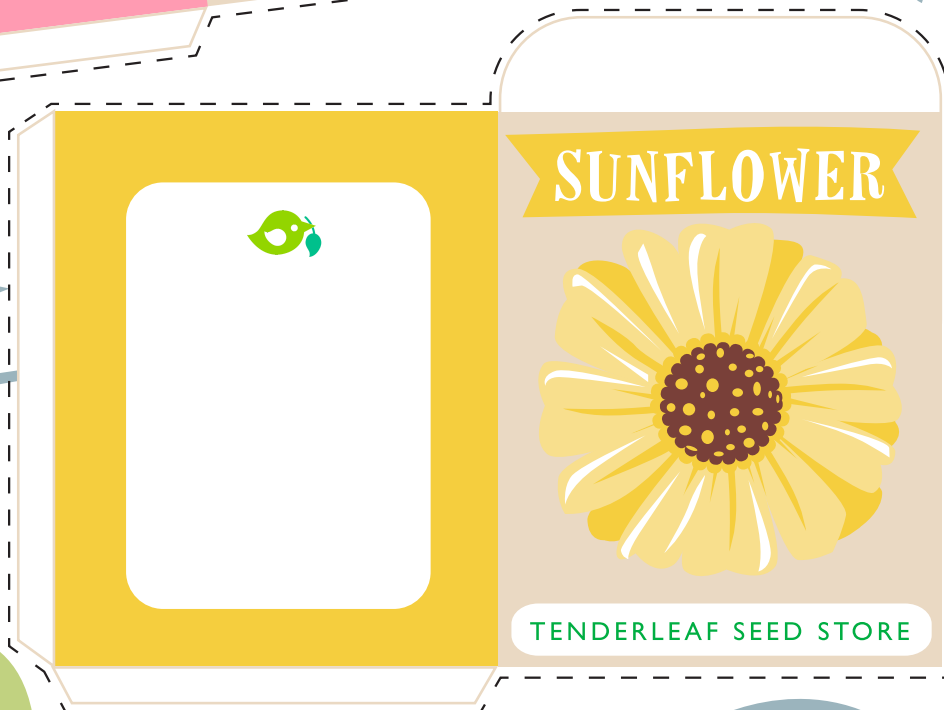

tender leaf®
printables
www.tenderleaftoys.com

Use the templates here to create your own seed packs! Carefully cut along the dotted edges, then fold and add glue to the sides to hold the pack in place. Next, put your seeds inside, and then close the flap to keep them safe. We have left a space for you to add seed names too!

Share
your creations

Here's some we made!

Use these seed packs
as templates to create
your own. Draw pictures,
write the name of the seeds,
and add any designs
you like!
